## Summary

I am a Computer Science graduate with more than 10 years of working experience as an engineer in the computer science field. What motivates me is challenging environment where problem solving, and good work ethic are required. Currently I am employed as a technical manager under the Unix-Database Department of Infosystems AA Ltd (formerly known as Anglo African). My goal remains to help companies modernize their IT infrastructure to meet the ever-growing business demands they may have.

## Education

**University of Mauritius** **2009 - 2014**  
BSc (Hons) Electronics with Computer Science

## Certifications

IBM Power Systems with POWER8 Scale-out Technical Sales Skills V1  
IBM Certified Specialist – Midrange Storage Technical Support  
Power Systems with POWER8 Enterprise Technical Sales Skills V1  
Oracle Certified Associate, Oracle Solaris 11 System Administrator  
IBM Information Management DB2 10.5  
IBM Power Systems Scale-Up Technical Sales  
Oracle Exadata Engineered Systems

## Technical Skill Highlights

- Server Deployment
- Backup/Restore
- Database Migration
- Dataguard
- Security/SIEM
- Environment Design
- Networking
- Clustering/High Availability

## Technology Highlights

- Oracle DB
- SAN/SAN switches
- VMWare
- HYPER-V
- Weblogic/WAS/OHS/IHS
- Veritas Infoscale
- SPARC/AIX/Intel Servers
- Veeam/Netbackup/Commvault
- Exadata/ODA/MiniCluster
- Solaris/AIX/Linux
- Qradar
- ZDLRA

## Interpersonal Skill Highlights

---

- IT literate
- Problem solver
- Active Listening
- Team Player
- Result oriented
- Fast learner

## Work Experience

---

- Teleagent at Procontact January 2009 -June 2009
- Shelf Packer (also include electronic repairs) June 2011 – March 2012
- IT support at TEDPB (Training and Employment of Disabled Persons Board) Nov 2014- March 2015
